Subject: *Letter of Recommendation*

To whom it may concern,

This letter is a reference for the firm and staff of Mahbuba Khan Architects, PLLC. Though the firm was established in 2010, the firm brings over 14 years of diverse national and international experience to the Dallas and Fort Worth market. Already, the firm has amass an array of projects ranging from private school design, entertainment, hospitality, commercial and public educational facilities.

Ms. Khan AIA, was selected by the DCCCD in 2015 to assess and renovate a project for the Cedar Valley College, Vet Tech program located in the first LEED Silver Facility on its campus. Ms. Khan's timely attention and systematic approach to details and problem solving on behalf of the staff was more than expected. She has been an inspiration to the staff in DCCCD Facilities Management because of her fresh approach and timeliness.

As the recipient of the 2013 Architect of the Year Award, Ms. Khan's abilities are well documented. Therefore I highly recommend Mahbuba Khan Architects, PLLC as a firm of choice.

Sincerely,

A handwritten signature in black ink that reads "Clyde Porter". The signature is written in a cursive style and includes a long horizontal line extending to the right.

Clyde Porter, FAIA, IIDA, NCARB
Associate Vice Chancellor of Facilities Management / Planning
District Architect
